UNIVERSITY OF TORONTO

2018 Malcolm Slingsby Robertson Prize

in Mathematics for "a graduating PhD student who has demonstrated excellence in research"

Alexander Mangerel

Sacha wrote his thesis titled "*Topics in Multiplicative and Probabilistic Number Theory*" under the supervision of John Friedlander.

One of his papers, joint with O. Klurman, of close to fifty pages, has been accepted for publication in *Mathematische Annalen*. He took on a Postdoctoral position at the Centre de Recherches Mathématiques, Université de Montréal.

The prize carries a \$500 monetary award. We congratulate Sacha for his excellent work and wish him great success!

Sacha is also the department's sole nomination for the **CMS Doctoral Prize**.
