Intercultural Training Program

Yaseen Ali
(Training Specialist - C.I.E., U of T)
Objectives

This session will help you to:

• re-think your definition(s) of culture;

• recognize the ways that a person’s culture can influence their behaviour and expectations in academic, professional, and personal contexts;

• apply frameworks of intercultural communication to case studies and your own scenarios;

• develop your own intercultural learning goals and strategies to better communicate and understand across cultural differences.
